in revolution in texas benjamin johnson tells the little known story of one of the most intense and protracted episodes of racial violence in united states history in 1915 against the backdrop of the mexican revolution the uprising that would become known as the plan de san diego began with a series of raids by ethnic mexicans on ranches and railroads local violence quickly erupted into a regional rebellion in response vigilante groups and the texas rangers staged an even bloodier counterinsurgency culminating in forcible relocations and mass executions eventually collapsed but as johnson demonstrates the rebellion resonated for decades in american history convinced of the futility of using force to protect themselves against racial discrimination and economic oppression many mexican americans elected to seek protection as american citizens with equal access to rights and protections under the us constitution

between 1910 and 1920 thousands of mexican americans and mexican nationals were killed along the texas border the killers included strangers and neighbors vigilantes and law enforcement officers in particular texas rangers despite a 1919 investigation of the state sanctioned violence no one in authority was ever held responsible reverberations of racial violence gathers fourteen essays on this dark chapter in american history contributors explore the impact of civil rights advocates such as josé tomás canales the sole mexican american representative in the texas state legislature between 1905 and 1921 the investigation he spearheaded emerges as a historical touchstone one in which witnesses testified in detail to the extrajudicial killings carried out by state agents other chapters situate anti mexican racism in the context of the era s rampant and more fully documented violence against african americans contributors also address the roles of women in responding to the violence as well as the many ways in which the killings have continued to weigh on communities of color in texas taken together the essays provide an

opportunity to move beyond the more standard black white paradigm in reflecting on the broad history of american nation making the nation s rampant racial violence and civil rights activism

this book examines the current status of mexicano and latino politics in the united states political scientist and community activist armando navarro maintains that both represent a dysfunctional and failed mode of politics attributable to their system maintenance and mainstream ideological orientation and approach as colonial agents they protect both a united states that is decaying and declining and the degenerative liberal capitalist system navarro argues that the united states is not a representative democracy but in fact is a white corporocratic dictatorship controlled by capital which is evolving into a fascist state the book provides an in depth analysis and contention that mexicanos and latinos in aztlán southwest are an occupied and internal colonized people it argues they are the palestinians and kurds of the united states his supposition is sustained by the book s profiles of mexicano political history demography socioeconomic electoral politics immigration and the triad crisis e g second great depression global economic crisis and global capitalist crisis each chapter provides the justification and case for navarro s two unique alternative change models applicable to today s bankrupt and failed mexicano and latino politics in the twenty first century the preferred model is aztlán s politics of a nation within a nation apnwn which is based on the models of the mormon nation of utah and that of french quebec navarro therefore calls for the reformation of the united states liberal capitalist system by way of social democracy for the empowerment of mexicanos and latinos his second model is aztlán s politics of separatism aps which offers two strategic options 1 aztlán southwest becoming a separate and sovereign nation state or 2 its reannexation and re integration with mexico navarro outlines a plan of action for building a new movement designed to attain apnwn or aps in addition several ominous forecasts are made such as the united states being in a state of decline and no longer a hegemonic superpower due to the rise of a multi polar world moreover navarro attributes the united states decline to the inherent contradictions of global capitalism his sobering message is that if the current economic conditions are left unchanged this will produce an end of times
