religious experience in the european middle ages represented an intersection of a range of aspects of existence including everyday life relations of power and urban development among others as such religion offered a reflection of many facets of life in this period this book brings together scholars from different parts of the world who use a variety of different examples from the medieval era to show this specific path through which to reach a renewed perspective for understanding the european middle ages

classical durkheimian studies of myth and the sacred presents english translations of several important essays some never before translated by members of the famous annee sociologique group around emile durkheim these works by marcel mauss henri hubert and robert hertz are key contributions to today s growing interest in and reinterpretation of durkheimian thought on culture religion and symbolism the central thrust in

this new interpretive effort uses the durkheimian theory of the sacred to understand the symbolism and meanings of cultural structures and narratives more generally this book is vital to any contemporary collection emphasizing social theory

this is a paperback edition of a collection of ten papers by different authors on the cult of saints first published in hard covers in 1983 six have been translated from french including a pioneering study by robert hertz one of durkheim s most eminent pupils the editor provides a wide ranging general and historical introduction and a 100 page annotated bibliography covering material on the subject in all disciplines and in four main languages
