language learning content based instruction task based language teaching and the post methods era

tesol esl teaching

techniques and principles in language teaching has influenced the way thousands of teachers have taught english this classic guide to developing the way you teach has been an essential resource to new and experienced teachers worldwide and is now in its third edition each chapter focuses on a different teaching approach describing it being used in the classroom analyzing what happened and helping you think how you could apply it to your own teaching new features of the third edition include a new discussion on the political dimensions of language teaching a new digital technology chapter and extended coverage of content based and task based approaches on this site you will find additional resources including author videos in which diane larsen freeman and marti anderson talk about the background to the book and new innovations in language teaching which are discussed in the third edition

this book provides a practical overview of the most important methods in the field readers are drawn into classrooms where various teaching methods and approaches are being used they are encouraged to reflect on their own beliefs and to develop their own approach to language teaching publisher

here is a clear discussion of the theory and application of structural linguistics for the teacher of foreign languages and of english as a foreign language this is the first book to incorporate a modern theory of second language learning a scientifically directed set of principles and techniques for the teaching of a foreign language and a description and a discussion of the use of such technological aids as the language laboratory visual aids teaching machines and programmed learning the author a linguistic authority and acknowledged specialist in classroom methods and procedures combines the three main streams of progress in language teaching the contribution of linguistics the advances in learning theory and the development of tape recorders and language laboratories the result is a major contribution to language teaching publisher

this comprehensive anthology gives an overview of current approaches issues and practices in the teaching of english to speakers of other languages at elementary secondary and tertiary levels

designed for teachers of all levels and languages this book seeks to inform their practices with cutting edge language teaching research

bringing together an international and interdisciplinary team of contributors this

handbook is a wide ranging and invaluable reference guide to language teaching a comprehensive reference work on language teaching which combines the latest research findings coverage of core topics and examples of teaching experience from a variety of languages and settings provides a unique breadth of coverage including the psycholinguistic underpinnings of language learning social political and educational contexts program design materials writing and course design teaching and testing teacher education and assessment and evaluation offers a balanced evaluation of the major positions and approaches including examining the increasingly important social and political context of language teaching written by an international and interdisciplinary group of authors from a dozen different countries english is only one of the many languages used as examples throughout the volume

for use in courses on language teaching methodology and teacher preparation this book also serves as an invaluable source for courses in language curriculum development materials development and teaching practice the author views effective language teaching as a network of interactions involving the curriculum methodology the teacher the learner and instructional materials hence the metaphor of a matrix each chapter discusses and examines the theoretical and practical dimensions of a central issue in language teaching among the topics covered are curriculum development designing instructional materials teaching listening speaking reading and writing the nature of effective teaching self monitoring in teacher development and language and content richards presents key issues in an accessible and highly readable style and shows how teachers and teachers in training can be involved in the investigation of classroom teaching and learning the emphasis is not on prescriptions but rather on developing effective teaching through understanding the various factors that interact in second language learning and in the second language classroom

becoming a language teacher by respected author and experienced language teacher elaine k horwitz gives pre and in service teachers the skills they need to meet the needs of all language learners in today s diverse classrooms while encouraging them to develop a personal approach to language teaching using a warm supportive tone the author clearly explains the fundamental concepts of second language acquisition and language teaching a much needed resource at a time when it is critical for all mainstream teachers to focus on language this guide describes how to develop language for academic needs as well as for communication purpose and addresses the latest trends in language teaching

this volume critically reviews the most prominent issues in language teaching today and relates them to general perspectives on the nature of language and of language teaching and learning

this element offers a comprehensive account of the unprecedented spread of english as a global language by taking historical sociolinguistic and pedagogical perspectives to realize this mission it opens with an accessible discussion of the historical trajectory of the english language with qualitative and quantitative connections to its contemporary diversity in terms of forms roles functions uses users and contexts of english as a global and multilingual franca built upon this synchronic diachronic symbiosis the discussion is complemented by an overview of major analytical paradigms and trends that promote systematical scrutiny of the english language and its sociolinguistic and educational implications it ends by showcasing instructional practices recommendations reflective questions and future directions for language educators to revamp their beliefs commitments and practices considering the changing needs and realities of the present day global sociolinguistic ecology and individuals therein

drawing from seminal foundational texts and from critical commentaries made by various scholars the author examines the profession s transition from method to postmethod and in the process elucidates the relationship between theory research and practice this book is intended for teacher educators practicing teachers and graduate students

this book presents a clear description and analysis of the major approaches and methods used in second and foreign language teaching

this wide ranging survey of issues in intercultural language teaching and learning covers everything from core concepts to program evaluation and advocates a fluid responsive approach to teaching language that reflects its central role in fostering intercultural understanding includes coverage of theoretical issues defining language culture and communication as well as practice driven issues such as classroom interactions technologies programs and language assessment examines systematically the components of language teaching language itself meaning culture learning communicating and assessments and puts them in social and cultural context features numerous examples throughout drawn from various languages international contexts and frameworks incorporates a decade of in depth research and detailed documentation from the authors collaborative work with practicing teachers provides a much needed addition to the sparse literature on intercultural aspects of language education

drawing upon convergences between translation studies and foreign and second language l2 didactics that have emerged as a result of recent research this volume continues the dialogue between the two disciplines by allowing for epistemological two way traffic marrying established yet so far unrelated or under researched conceptual approaches and disseminating innovative scientific evidence from

different continents a unique feature of the volume is the sub section presenting the most recent empirical studies in the development of linguistic and other professional competences for translators with suggestions for re defining translation curricula the contributors to this volume include representatives of various spheres including academics researchers and practitioners their underlying theoretical and empirical research is informed by multiple perspectives linguistics didactics and translation related this book shows how integrating insights from translation studies into language teaching and vice versa can effectively respond to the challenges of contemporary language and translator teaching and training

this book establishes a bridge between current research in linguistics and psycholinguistics and language pedagogy in the classroom it reformulates the debates about teaching approaches by calling the reader s attention to discoveries about the structure of grammar the universals of language mind processes while comprehending producing and storing language and facts about learning the popularization of l2 teaching brought with it a need to find efficient teaching methods debates have hinged mainly around the alleged advantages of communicative vs traditional methods however most approaches have their roots in linguistic and psychological theories that have been questioned by language researchers some language teachers are probably unaware of these advances and to that extent continue to adhere to teaching approaches mainly based on intuitions consequently evaluating materials may be often performed in rather uninformed circumstances the book contains chapters on relevant issues by leading researchers classified into three main areas the editors contribute a chapter to each of these sections about the implications for second language teaching this book facilitates an approximation between researchers in the theoretical and experimental fields of language and those responsible for innovation in language teaching it is designed so that l2 teachers can adopt and adjust the knowledge drawn from the book to their particular environment and group of students

this is an important collection of papers by a distinguished personality in the field topics covered include second language acquisition syllabus design methodology and methods listening speaking vocabulary and grammar issues in applied linguistics are summarised and presented with clarity and their practical implications explored thus making the vital connection between theory and practice in language teaching language teachers and students of applied linguistics will find this collection contains a wide range of recent work in linguistics presented in a lucid and highly accessible form

it involves theories from various fields and imbibes the findings in them as from the field of psychology philosophy of language technology sociology and so on with such an inter disciplinary orientation language teaching consists of first language

learning theories second language learning theories language teaching methods a sub part of which is language planning and teaching tasks language testing and variables in language learning this entails looking up different books on the various subjects which is not an easy proposition this book presents the topic comprehensively in one place saving in terms of time and effort which can be put to more constructive use discuss the various aspects of language teaching and the theories examples and illustrations and how their applied form influences the theory the chapters are classified as language learning theories language teaching methods language planning and materials production language teaching tasks testing programmed instruction and ca ea and variables in language learning
